New York, NY 10017

Re: Ref. 582-769 USSR PM 592

IN RESPONSE TO WLKT LETTER OF 1-15-76
Dear George:

We apparently will have to revise our claims to cover a "substance" type of invention. Please arrange to do so, with appropriate wording to avoid a rejection on obviousness. I believe the present claims provide enough information for this.

Sincerely yours,

G. Estler Inskeep
Assistant Patent Officer

GJH
